

This is a simple draft of a Vita. Many students just paste in their resume. This format is not required but merely serves as a sample for those who do not have a resume prepared. Vita must have Name, Contact Info, Education and Date of Birth. A Vita in paragraph form is also acceptable provided similar information is included. The name on the top of the Vita must match the name on the thesis title page.

**VITA**

**NAME**

Address:

Email:

Birth date:

Education:           College  
                          Bachelor of Science in ###, May 200##
